

Checklist Study Choice

Step 1: Find out what you like

- Take the [Choice of Study Test](#).
- Make a list of things you are good at and you like.
- Make an appointment with the study advisor to discuss your study choice.
- Seek advice from parents and friends.
- Interview someone with a job or study that you are interested in.

Step 2: Getting Oriented

- Visit at least four open days.
- Sign up for the Student for a day experience
- Join a student of the programme of your interest, during a regular study day.
- Ask questions while visiting the study program.

Step 3: Find out more information

- Compare different programs with each other.
- Check the career prospects for each study
- Look at student evaluations of a study program. What do current students think about the study according to [The National Student Survey](#)?
- Find out how a university performs in comparison to other universities. Visit [Erasmus University Rankings](#).

Step 4: Have you figured out, sign up.

- Request an account at [Digid](#).
- Apply before 1 May for a study program through [Studielink](#).
- Find out whether you qualify for Dutch student finance and a travel pass at [Duo](#).
